What veterinarian do you use? _____

Address: _____ Phone: _____

Do you agree to all the conditions and state that the information you provided is accurate and true?

Sign: _____ Date: _____

We would like you to be aware of the following:

Please initial at the end of each statement signifying that you have read and agree to it.

- German Shorthaired Pointers (GSP's) require MODERATE exercise while they are puppies. This exercise can be increased with age. _____
- GSP's need to be bathed at least once a month, have their ears cleaned, and nails clipped. If they are kept on concrete, their nails usually stay short. _____
- GSP's need to be with their families and indoors. They need company and companionship of people and are the happiest when they are with people. They can be outdoors during the day but should be brought indoors at night. _____
- Even though GSP's are noted for being good with children and other animals, they should not be left alone and unsupervised with them, especially while they are puppies. _____
- Even though GSP's are noted as being easy-going, people loving puppies/dogs, they are still puppies/dogs and will act as puppies/dogs. Therefore, they will carry, chew, and or swallow whatever is on the floor or within reach. This sometimes requires emergency surgery. _____
- Even though GSP's are known for being well behaved and intelligent, good behavior requires training on your part and learning good leadership rules for your dog. _____
- GSP's learn by repetition, so it is VERY important to be CONSISTENT when training. This includes everyone in the household to be using the same commands. _____
- Remember that puppies are puppies, and everything is new to them. They can be sensitive and never do well with harsh training methods. _____
- If at any time in the future you find that you cannot keep your puppy/dog, he/she must be returned to AllStar Gundog Kennels or to a home approved ONLY by us. You must at that time hand over all of the AKC paperwork, medical, and training information to us. We will not refund the purchase price of the puppy/dog or any training price paid for the puppy/dog. _____
- AllStar Gundog Kennels DOES NOT recommend dog parks or dog beaches! Not every dog owner is responsible for their dogs to teach them good manners and to properly vaccinate their pets. I cannot count the messages I have received from puppy buyers telling us that their puppy/dog has been injured at these places because of dog bites, fights, and behaviors that are unacceptable. _____
- AllStar Gundog Kennels insists that you DO NOT spay or neuter your puppy/dog before the age of 2! We will not guarantee your puppy if you spay or neuter before the age of 2 years old. We will give you information supporting this theory of the benefits of waiting until fully mature. _____

TERMS OF SALE

Do you understand that we sell ALL our puppies on LIMITED REGISTRATION, meaning they NEVER will be able to be bred or shown in conformation competitions? _____

If there is a reason that you are not able to keep your puppy/dog, you must inform us immediately and let us help find a great home for your pet.
